

Who we are: Clean and Healthy Pets LLC is an online store that is dedicated to providing quality, healthy, safe, and affordable products with great customer service! We are also dedicated to helping pets in need and the environment. By collecting the items below, and sending them in for recycling, you are helping pets who need help!

We accept:

Cell phones

Inkjet and toner cartridges

Laptops

iPods

Video games

Video game consoles

PDA's

DVDs

Digital cameras

Participation in our program also helps protect and preserve our environment and natural resources by keeping the items out of landfills, which is another animal friendly bonus!

How to participate: Contact us (or the person who gave you this flyer) to find your nearest drop off location or you may also request your own labels to start a collection of your own. There are two different ways you can collect: the first way, is in small amounts using pre-paid USPS labels; the second way, is in bulk using pre-paid FedEx labels. Either way you choose is fine and both ways help out!

Who it benefits: Mackenzie's Animal Sanctuary. We decided to donate to Mackenzie's because they are a no-kill shelter that is working daily to improve the lives of animals! For more information on Mackenzie's visit www.mackenzies.info.
